

deep cleansing facial toner

Pore-deep skin cleansing with an anti-pimple effect and intensive care effect with a pH value of 5.5.

- Combats pimples, blackheads and skin impurities

Product features:

- Witch hazel soothes irritated skin and has an astringent effect to contract the pores
- Removes excessive oil, sebum and dirt particles from the skin and disinfects it with alcohol
- Cucumber extract and hydrolyzed silk provide moisture to protect the skin against dehydration
- Panthenol supports the healing of acne lesions
- Allantoin smoothes the skin and makes it supple
- Can be used on wet or dry skin
- Tones and refreshes the skin
- pH value of 5.5 stabilizes the acid mantle

Indications:

- Especially recommended for oily and combination skin to remove excessive oil after cleansing the skin
- Best suited for the use on the problematic T-zone
- Dermatologically tested

Content: 150 ml
